

## SLIPRÄDER MOTOTBOOT / SLIPPING WHEELS MOTORBOAT

### STÜCKLISTE / ITEMS

- ▶ 2 Halterungen / brackets
- ▶ 2 Stützen mit Achse / stanchion with axle
- ▶ 2 Räder / wheels
- ▶ 2 Klappsplinte / linchpins
- ▶ 2 dünne Beilagen / thin washers
- ▶ 2 breite Beilagen / wide washers
- ▶ 4 Schrauben / screws

### MONTAGE / MOUNTING

- ▶ Halterungen, links und rechts, am Heckbrett anschrauben.
- ▶ Mount the brackets, left and right, on the transom.

- ▶ Auf die Achse zuerst die breite Beilage, dann das Rad und die dünne Beilage stecken.
- ▶ Das Rad mit den Klappsplinten sichern.
- ▶ Push first the wide washer, then the wheel and the thin washer to the axle.
- ▶ Secure the wheels with the linchpins.

- ▶ Zum Slippen die Schraube etwas lockern, das Rad nach unten schwenken, den unteren Bolzen an der unteren Kerbe der Halterung einrasten und die Schraube anziehen.
- ▶ For slipping untighten the screw, swing the wheels downwards, engage the lower bolt on the lower notch of the bracket and tighten the screw.

- ▶ Nach dem Slippen die Schraube etwas lockern, das Rad nach oben schwenken, an der oberen Kerbe einrasten und die Schraube anziehen.
- ▶ After slipping untighten the screw, swing the wheels upwards, engage the lower bolt on the upper notch of the bracket and tighten the screw.
